### What to Expect

We are so happy to provide field trips to our community. Students will learn how we plant, grow, prune and harvest apples, the importance of pollinators, seasons of growth, and more! Students will also experience a close-up view of how we wash and grade our apples on our apple washing/grading machine.

Participants will take part in a self-guided walk through the apple orchard and pick a freshly harvested apple from a bushel basket to take home!

We have plenty of fun, outdoor activities on the farm. We have a fenced in petting area with Pygmy goats. The Wild Wood play area includes: two tall elevated platforms with slides, a smaller size platform and slide, pea gravel pit, slackline, ninja course, rope tunnel, building blocks, swings and more! The Fun Field, has a pedal kart track and an apple shaped bounce pad!

### Field Trips Include:

- An educational talk
- An apple to take home
- Access to our Petting Area
- Access to The Wild Wood
- Access to the Fun Field
- Self-Guided Walk through the Apple Orchard (optional)

### Safety/Supervision:

We require at least 1 adult for every 5 students for the safety of our guests and orchard.
