

Knowlan Family Farm Lambs – Information Sheet

Knowlan Family Farm now has a flock of sheep and will be selling lamb meat on a periodic basis. The sheep are raised on pasture and hay, and occasionally receive supplemental feed. Our ewes are Katahdin hair sheep and are crossed with a Dorper ram. Our lambs are processed at a USDA inspected facility, and the meat is cryovac sealed and frozen.

Our Lamb can be purchased on our on-line store at <https://knowlanfamilyfarm.square.site/sheep>
